SUBJECT : Deployment of an email address for receipt of supplier invoices

Dear supplier,

As part of a progress plan to improve the process of processing and payment of supplier invoices and reduce the carbon footprint, we inform you that SAFRAN has created a unique email address to allow our suppliers to address directly their invoices by email for many french entities of SAFRAN Group \*.

Advantages of this solution :

- Removal of paper
- Traceability of documents
- Improvement of quality of information on invoices
- Speed of transmission / Reduction of the deadline for receipt of invoices

To use this solution, it is essential to respect the following three prerequisites :

Your invoices must be sent in PDF format and contain only one invoice per PDF. SAFRAN declines all responsibility in case of mistreatment if the transmitted PDFs were to contain several invoices.

Your invoices must present the TSA code associated with the invoice sending address. You will find all the necessary information in the annex.

Your invoices must be sent in native PDF format, that is, in unmodified PDF. System controls are built into the solution.

(Ex: A printed and scanned invoice is not a native PDF and will be rejected)

In order for both companies to take advantage of these benefits and to completely eliminate your paper billing, we kindly ask you to follow the following registration process :

- Register on the portal of our provider Bernard Group by following the link below :  
.....
- Create and complete your user account by filling in the email address that will be used to send your invoices.
- Accept the Terms of Use.

Once your account is activated, you will receive the unique email address for invoices and you can start sending us your invoices directly by email.

---

If necessary, you can also contact Safran's "Digital Invoices" teams at the address below:

[sfs.digitalisationfacturessafran.saf@safrangroup.com](mailto:sfs.digitalisationfacturessafran.saf@safrangroup.com)

Your Safran buyer will be informed of our approach so that he can assist you if it's necessary.

We remind you that in case of billing dispute it is advisable to contact the Call Center of Safran Finance Services by creating your account on our portal:

<https://sfssupport.microsoftcrmportals.com/en-US/>

Please note that you have available, in the suppliers area of the Safran website (<http://www.safran-group.com/en/suppliers>), all the documents required for invoicing, including:

- Practical billing guide
- Billing addresses of Group companies
- Billing Hotline

Nous espérons un retour favorable de votre part à cette démarche d'amélioration et de simplification.  
Nous vous prions d'agréer, Madame, Monsieur, l'expression de nos sentiments distingués.

Adrien Schifano
